

THE BLAIRMORE ENTERPRISE

VOL. XVII, NO. 24

THE BLAIRMORE ENTERPRISE, THURSDAY, JUNE 17, 1926

PRISONER ESCAPES FROM THE LOCAL JAIL

Bisham, Singh (number two), a Hindu prisoner serving a thirty-day term in the local jail for having served intoxicating beer to a juvenile, made a successful getaway on Monday afternoon, while the guard was for a minute out of sight, and up to the present has not been captured.

He was dressed in prison overalls and was last seen heading towards the river on the north side of the town about five o'clock that evening, apparently to cross the river. Police have been scouring the hills along the north side with bloodhounds, as well as watching and searching all places likely to be used as shelter.

Bisham was to have appeared in District Court on Tuesday of this week to stand trial on a serious criminal charge.

He was up to a month ago employed at McLaren's mill.

LOCAL MINERS' UNION ELECTS NEW OFFICERS

At the regular meeting of Blairmore Local of the Canadian Mine Workers on Sunday afternoon last, Messrs. W. Peters and Thomas Williams were elected to succeed J. A. McDonald and W. Oakes as president and secretary, respectively.

The regular semi-monthly meeting of the town council will be held on Monday night next.

WRIGHT TRIAL PROGRESSING

The trial of Frank Wright, former secretary-treasurer of the Town of Blairmore, on defalcation charges, commenced yesterday at the local court house before His Honor Judge McDonald in the district court. The greater part of the day was taken up in examination of Mr. Kelly, Mr. Wright's successor, and Mr. Battum, auditor, and it is expected that the case will occupy the time of the court until at least Saturday. Upwards of thirty witnesses will be heard, most of whom happened to be purchasers of town lots, in connection with which there are apparent shortages of funds.

Mr. J. D. Matheson, K.C., of Macleod, is acting as Crown prosecutor, while Mr. Wright is being defended by Mr. Samuel Bannan, of Blairmore.

GARDEN SOCIAL AND SALE

The ladies of St. Anne's Church will hold a garden social and sale of home cooking on the grounds adjoining Mrs. Green's residence, on Wednesday, June 23rd, beginning at 2.30 p.m. Everybody welcome.

St. Luke's Church of England

Sunday, June 20, Trinity III.—9.45 a.m.—Holy Communion. 2 and 2.30 p.m.—The Catechism. 7 p.m.—Evening Service. H. Laurence Nobbs, Priest-in-charge.

CAPT. JOSEPH T. SHAW
Leader of Provincial Liberals

COST OF LIVING

REASONABLE HERE

On June 16th, at 2 p.m., a meeting was called by Mr. Vissac, manager of the West Canadian Collieries Limited, including representatives from the local miners' union; from the West Canadian Collieries staff, and from the storekeepers of Blairmore.

The stores represented were: Union Meat Market (Henry Zak), W. W. Scott Grocery Store and the F. M. Thompson Co.

Mr. Vissac explained the purpose of the meeting. He had received several complaints about the higher cost of living in Blairmore than, for instance, in Lethbridge or Calgary. He had then asked the union to join him in an investigation of these complaints. Mr. Oakes, representing the miners' union, and Mr. Granger, representing the coal company, had been sent to Calgary and Lethbridge, and their joint report was read aloud.

This investigation has proved that if the cost of living is slightly higher in Blairmore than in Lethbridge or Calgary, the margin is very small and perfectly justified, which is a credit to the Blairmore stores.

The staples used by the Dominion bureau of statistics in their monthly report of retail prices of staple foods, groceries, etc., were taken as a basis, and it was found that the average price of these staples in Blairmore was 2.88 per cent higher than in Calgary and 4.35 per cent higher than in Lethbridge.

When it is considered that some of the stores in these two cities are operating without credit, and do not maintain a delivery system, it would appear that the margin is extremely reasonable.

In order to give Blairmore people the advantage of buying for cash, Messrs. Scott and Thompson promised to consider the possibility of putting into effect special discounts on certain conditions of payment and delivery, and Mr. Zak agreed to consider the possibility of putting into effect Saturday specials.

A vote of thanks was moved to Messrs. Granger and Oakes for their valuable information.

P. Burns & Co.'s representative, who was unable to be present at the above meeting, called on Mr. Vissac on the morning of the 17th, and on being advised of what had been done, expressed his approval of same. He advised that on Saturday the 12th inst. they had put on Saturday specials, and that at the present time they gave 5 per cent discount on all cash sales, and would continue to do so.

Mr. Martin Kubic, of the Blairmore Flour & Feed Store, was also unable to attend the meeting, but has expressed his approval of the action of same.

See our stores for Saturday Special reductions on all products.—P. Burns & Co. Ltd.

GRAND CLIMAX TO K.P. MEMBERSHIP DRIVE

The biggest event of Pythianism in the Crow's Nest Pass took place in the Castle Hall on Friday night last, when before an audience of over one hundred members from Hillcrest, Coleman and Blairmore, over seventy candidates were admitted into the ranks and instructed into the mysteries of the Order.

There were present the following representatives of the Grand Lodge of the Grand Dominion of Alberta: Dr. Percy L. Backus, of Red Deer, grand chancellor; W. Bannan, of Medicine Hat, grand vice-chancellor; G. E. Buckham, of Calgary, grand master of exchequer; Dr. J. C. Wainwright, of Calgary, grand keeper of records and seals and grand organizer; Jack Woods, of Coleman, past grand chancellor; W. I. Taylor, of Lethbridge, past grand chancellor; Dr. C. F. P. Conbeare, of Lethbridge, past grand chancellor and supreme representative; George Watt, of Calgary, grand master-at-arms; and Jack Rushton, of Coleman, grand outer-guard and district deputy. All the foregoing took active parts in the work, which was beautiful and impressive throughout.

Following the work, refreshments were served, followed by speech-making, etc.

Great credit is due our old friend, Doc Wainwright, for the success of the campaign. As an organizer, Doc has no equal and his sincerity as far as Pythianism is concerned is vouched for by all. Doc undertook the campaign here about three weeks ago and has been conducting very interesting bible classes ever since. His dragnet covered the neighboring towns of Coleman, Hillcrest, Bellevue and Frank, besides Blairmore, and through it the membership of Turtle Mountain Lodge No. 15, Hillcrest; Sentinel Lodge No. 26, Coleman, and Lethbridge Lodge No. 27, Lethbridge, has been greatly strengthened.

MAKE ALL THREE CHOICES

It should be broadcast as far as possible that every person should vote the ballot from beginning to end. The man who does not vote 1, 2 and 3 is only partly voting. He is making a choice for one candidate and is not taking advantage of his right to choose between the other two should his candidate be eliminated. If the electors neglect to vote second and third, we might as well not have the transferable ballot.

RED CROSS DEMONSTRATION AT COLEMAN SUNDAY NEXT

The lodges, boy scouts and friendly societies, and citizens of The Pass, are invited to attend the above demonstration on Sunday next, June 20th. The procession, marshaled by the Elks, will proceed at 2.30 p.m. from the town hall, Coleman, to the park headed by the town band. On arrival at the park, the demonstration will take place, using the park for same by kind permission of the mayor and council.

Get your programme and place an offering in the Red Cross box.

CROWS' NEST PASS FIRST AID ASSOCIATION

We are asked to announce that all teams taking part in the First Aid contest in Coleman on July 1st, should have their entries mailed so as to reach the secretary, Mr. Ed. Royle, at Blairmore, not later than Saturday, the 19th inst.

A meeting of the executive of the Alberta Crows' Nest Pass First Aid Association will be held at the Bellevue mine offices on Sunday next, the 20th, at 11 a.m.

Two senior and two junior First Aid teams are expected to take part in the contest at Coleman on July 1st.

NOMINATIONS TOMORROW

Nomination of candidates for the forthcoming provincial election will take place tomorrow.

For the electoral division of Rocky Mountain, nominations will take place at the Town Hall, Blairmore, from noon to 2 p.m.

Candidates in the running will be Mr. John Kerr, merchant, Pasaburg, Conservative; Mr. Arthur M. Denmore, merchant, Lundbreck, Liberal, and Mr. P. M. Christophers, M.L.A., miner, Blairmore, Labor.

The elections will take place on Monday, June the 28th.

VOTERS' LISTS COMPLETED

The voters' lists have been completed and a copy of same will be posted at the post office today. Every voter should look the list over and see that her or his name is listed thereon correctly.

LETHBRIDGE MINERS' UNION VADE BLAIRMORE SATURDAY

Saturday will be a gala day in Blairmore, when the miners of Lethbridge, together with their wives, children and sweethearts will arrive in the morning by special train for the purpose of their annual outing and picnic.

The visitors will make use of the athletic grounds and territory adjacent thereto and in addition to their picnic will carry out a programme of sports.

It is likely a dance will be staged at the opera house at night, commencing at 8 o'clock.

It is expected that at least two thousand persons will arrive from the east, and these forces will be considerably augmented locally.

Duncan McDonald, of Drumheller, has been chosen Liberal candidate for the Didsbury constituency.

Arab Women Are Ignored

Men Returning From Journey Only Great Male Friends

There is not the Canadian thrill of the unending and inevitable Arab. The menfolk return from their sojourn with sober, weary and faded faces, and fathers and male friends on the cheek and with never a look at the women, solemnly silent out of the station.

There is scarcely a peal of laughter, or expression of joy at reunion, and never a smile on the face of the Araba men meets along the 300 miles of railway.

STANDARD OIL CO. NEW JERSEY

about, watching with a barely restrained amusement. Joanna accused him:

"Have you told him anything? Anything that I don't know?"

Brandon was surprised by the sudden attack. "Mr. Wilmore would know when I came. That is all, I assure you. He will say that I met expressed the hope that whatever was behind your unprecedented good fortune it would bring you a great happiness."

John flashed a glance at Brandon, and then spoke to Joanna, his voice still cold. "Whatever there is for me to know, will have to come from you. After awhile, perhaps."

The arrogant diplomat came back into the girl's chain. She thanked Brandon, in her half conscious way, for his flowers. He took possession of her easily, and talked with her as if there were not a third person in the room. Once Joanna, remembering, turned her face, glowing again to John, who sat, moodily in one of the big chairs, but he only muttered his reply to Joanna's ally.

"Brandon let her to talk about her clothes," the marvelous thing she had bought during the afternoon. He understood how to talk about such things, she discovered. He complimented her upon her choice of the frock she had chosen to put on that evening.

"Really, you know, that is why I came this evening," he explained, smiling frankly at her. "I wondered what sort of a change you would make in yourself, in the first few hours at such a momentous occasion. I am so glad it must be very wonderful, to a girl, especially a girl who had had so little, to suddenly feel the possession of money—and such unlimited money. If you've ever had dreams, you may now proceed to make them come true. Can't you?"

Joanna considered a moment a frown across her brow.

"If I can't escape the feeling that everything is not going to be right," she said. "It is foolish, I know. Perhaps that is because I can't believe things, yet." Unconsciously she glanced at John, and nodded over so slightly, at him. He acknowledged the look with:

"The world is made up of things that are hard for some people to believe."

The red came into the girl's cheeks again, red that was deeper than the rouge, and her lips trembled again. Brandon rose.

(To be continued)

Meadow Larks, Half Train

Meadow larks have appeared in the vicinity of Glenwood, City, Wm., in such numbers that the local 800 line freight train was obliged to stop a few miles west of there to avoid running over hundreds of the birds on the track. Milwaukee Journal.

If a man loves a woman he will give up something for her sake, but if she loves him she won't ask it.

FACE DISFIGURED BY PIMPLES

Large, Hard and Red, Itched and Burned, Healed by Cuticura.

"I was troubled with pimples that broke out on my forehead. They were large, hard and red, and soon scattered over my face disfiguring it. The pimples featured and itched and sometimes itched to scratch, which made them worse. The trouble lasted about two months."

(Read advertisement for Cuticura Soap and Ointment and sent for a free sample. After using it I purchased more and now I am completely healed.") (Signed) Miss Anne Molnar, R. F. D. Box 55, Toledo, Ohio, Sept. 4, 1925.

Clear the pores of impurities by daily use of Cuticura Soap, with touches of Cuticura Ointment as needed to soothe and heal. Cuticura is fragrant and refreshing. Write for Big Little Book on Skin Diseases. Send 10c. to: Cuticura, P.O. Box 1024, Station, New York, N.Y.

Great Passenger Plane

Now Under Construction and Will Be Used For Transcontinental Service in U. S.

A giant, aeroplanes, multi-motored, and providing sleeping accommodations for thirty-five to forty passengers, is now under construction from designs of Anthony H. G. Fokker, Dutch aeroplane designer and builder. It was learned on the return of Mr. Fokker to New York recently.

Much secrecy has surrounded the construction of this latest type of aeroplane, but it is known that the preliminary work on it has been carried on at the Fokker factory in Amsterdam, Holland. The machine is designed primarily for flying in America, and may be used to inaugurate a transcontinental passenger service between New York and San Francisco.

The fuselage of the plane, according to the present design, is built in two sections, the upper section being made into sleeping berths at night, very similar to the berths now used in sleeping cars of the Pullman Company. The lower section will be equipped with seats, as in a railroad parlor car. The plane will be comparable in conveniences to any first-class sleeping train. No date has been set for its completion, as several alterations in design have interrupted its building schedule.

A PERFECT MEDICINE FOR LITTLE ONES

Baby's Own Tablets Should be in Every Home Where There Are Children

The perfect medicine for little ones is found in Baby's Own Tablets. They are a gentle but thorough laxative for the bowels, sweeten the stomach, drive out constipation and indigestion; break up colds and coughs and promote healthy refreshing sleep. It is impossible for Baby's Own Tablets to harm even the most delicate child, as they are absolutely guaranteed free from opiates or any other injurious drug.

For a full description of Baby's Own Tablets, ask Mr. Allen J. Perry, Atlantic, N.S., writes: "I always keep Baby's Own Tablets in the house for the children, as I have found them a perfect medicine for little ones."

Baby's Own Tablets are sold by medicine dealers or by mail 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Little Helps For This Week

Pray without ceasing.—1 Thess. 5: 17.

More things are wrought by prayer. Than this world dreams of. Wherefore let us forge the voice.

Bliss is a fountain for no night and day.

For what are men better than sheep or goats?

That nourish a blind life within the brain.

If knowledge, they lift not hands to pray.

Both for themselves and those who live about them.

For so the whole round world is every day bound in gold chains about the feet of God.

—Alfred Tennyson.

Prayer is the door forever open between earth and heaven. Sober than sound can reach a human ear, through this lower atmosphere, the longing desire of the spirit rises to the heart of the Eternal Father. Whether we believe it or not, we are living in an invisible world, where our wishes are answered before our words are spoken.—Lucy Larcom.

No Fear With Asthma. Asthma usually attacks at night, the one time when rest is needed most. Hence the loss of strength, the nervous debility, the loss of flesh and other evils which must be expected unless relief is secured. Fortunately relief is possible. Dr. J. B. Kellogg's Asthma Remedy has proved its merits through years of service. A trial will surely convince you.

Peculiar Auto Accidents

Clifton Haddock, 20 years of age, of Middletown, N.Y., has sustained one of the most remarkable auto accidents ever known. He was thrown from his car and struck against a tree, fracturing his Adam's apple. It is feared he will never be able to speak again, although he will live.

Use Minard's Liniment in the Stables

Minard's Liniment King of Pain

Discovery of the "Amperes"

Name of French Mathematician Given To Electric Unit

In this electrically-driven age one talks glibly of "amperes," "amperometers," "amperage." How many people know how these terms originated? In the centre of a tiny square in the ancient Ferrara district south of Lyons, France, is the monument to Marie Andre Ampere, the great physicist and mathematician, whose name has been given to the electric unit in acknowledgment of his many notable discoveries.

Walking along the Rue Victor Hugo one comes upon it quite unexpectedly. The figure of the famous scientist rests in a huge chair.

Ampere's mathematical genius was evidenced when he was a mere infant. It is said that with pebbles and bread crumbs he worked out complicated and elaborate arithmetical problems before he even knew the figures by sight. He is reputed to have said that he knew as much about mathematics at 18 as he did in the later years of his life. Quite a startling statement when one recalls him as one of the chief authorities on mathematics in the nineteenth century.

Ampere's most important contributions to science were the establishment of the relations between electricity and magnetism and the development of the science of electromagnetism, which followed. He wrote many interesting works on other subjects. Among them was a short treatise on gambling. In this, he applied the theories of mathematics to prove that the odds were against the man who engaged in gambling habitually.

Celtic Calendar Deciphered

Months Spent in Reproducing Fragments Found Years Ago

The Celtic calendar composed of 200 bronze fragments discovered some years ago at Coligny in the Ardennes department of France has at last been deciphered by French scientists. Experts archaeologists spent months in cleaning and reproducing the fragments and a full plate was made by electroplating, which permitted the interpretation of the signs. It is reported that the Celtic year was composed of 355 days, with the months alternately thirty and twenty-nine days. Every two and a half years an extra month was inserted to catch up with the solar year.

Miller's Worm Powders are complete in themselves. They not only kill the worms, but they also help to repair the damage that worms cause and so invigorate the constitution that it readily recovers from the effects of the disease that are the result of the work of these parasitic intruders. No do their work thoroughly, and strength and soundness follow their use.

Lesson Is Obvious

Canadians Should Use Money To Develop Rich Resources

Our universities seem to be engaged very largely in training men for the benefit of the United States, and the men from that country are wise enough to be using the resources of Canada for their own advantage. The lesson seems obvious. It is the Canadian should not sit so lightly on their money, but venture some of it not only in mining, but in industries of various descriptions. It is no use, and it is not fair, to complain of graduates and others leaving Canada when good opportunities do not offer themselves here. Canadians have the money and they have the finest resources in the world; to build up a prosperous country they should use the first in developing the second.—Kingston Standard.

Epidemics, Take Huge Toll

Epidemics, with a toll of 40,000,000 have claimed more lives throughout the world since 1914 than all the wars and civil strife since that year, the second Pan American Red Cross conference was held by T. B. Kitteridge, assistant director-general of the League of Red Cross Societies.

Aeroplane Had Busy Year

More than 2,000 passengers were carried in the past year by the five privately operated aeroplane lines in Australia.

Keeps Food Fresh and Full Flavored

After each meal cover your bread, cake, meat and other left-overs with Para San. This heavy waxed paper protects your food from drying out and saves much that would otherwise be thrown out.

Para San is sold in a most convenient package. From the large cardboard box you tear off the exact amount of paper you want. No paper wasted—no time lost.

Strange, Romantic Love Adventures of the Flapper you know

Joanna

by H. L. GATES

Copyright 1925 by H. L. GATES

Published by arrangement with: First National Pictures, Inc.

THE STORY THUS FAR

Joanna, a pretty flapper, shop girl is known by an unknown man, a million dollars to spend as she wishes. Gray, her employer, hears the message, more than this by will not tell her. She is not to know her benefactor's motives. She can learn nothing more from the banker's son, nor his man-about-town nephew who helps her write her first check and tells her that he intends to make her his. Dazed by the unexpected wealth, hurt because her friends and acquaintances will not believe in her, she does some shopping and returning home, happy because of the afternoon of buying long, wanted things, she finds Brandon, nephew to her banker, and John, her old-fashioned sweetheart, waiting for her.

CHAPTER VII.

A Shattered Dream

For one brief minute Joanna stood at the foot of the stairs, just outside the drawing room door. The eagerness, the exhilaration which had wrapped her face as in an auric, had gone one. She closed her eyes tightly, the gold of their overhanging brows making thin, straight lines. She steadied herself with her hand against the newel post. All the doubts, the confusions, the mysterious and the stupendous wonders of the day crashed down upon her. A little while before she had revealed in her own beauty, and in the story of John's surprise, his ecstasies, all the questions she would ask her and she couldn't answer. They would plan, she would be glad with him over every thought of the future either of them could conjure up. There would be no more tempers and inspired quarels, no more fighting at each other. This time, when he put his arms about her, and kissed her, she wouldn't be restless and wish that he'd take her out into the lights, as those boys did, and romp with her through the narcotic valleys of jazz.

That had been her last thought, led forward to. Now, as she faced the door, with John just beyond, waiting for her, and with the other man, whose very manner toward her was like a caress, also waiting for her, a premonition stirred her nerves. She felt, somehow, that her fate, the fate that had been so strangely brewed for her by unknown hands, was in

THIS MOTHER GLAD DAUGHTER IS WELL

Mrs. Parks Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health

Toronto, Ontario.—"My daughter is 16 now and has been an invalid ever since she was six months old. She has been compelled to remain out of school the greater part of the time. We tried different kinds of medicine, and none helped her much. I had taken Lydia E. Pinkham's Vegetable Compound when I was run-down, and it had helped me so much that I thought it might help her at this time. She has gained ever since she began taking it. She attends school every day now and goes skating, and does other out-of-door sports. I recommend this medicine to any one who is weak, nervous and weak."—Mrs. PARKS, 168 Bond Street, Toronto, Ontario.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for young women's troubles.

For sale by druggists everywhere.

"RENDER UNTO CAESAR"

How often is the true meaning of this widely known quotation brought home, and how often does it pass unheeded, especially in a small town or community?

Macleod is perhaps one of the best examples of this, for there are many men, who have given their time, money and brains for Macleod and its welfare, but who have received not even the thanks of the populace in return, but rather the criticisms of the few.

Macleod, under the present regime of its Mayor and Council, its Hospital Board and its School Boards, is presenting to the public a better financial position than the public a better financial position. These men have brought the town from a practically bankrupt position to one of fairly sound financial basis. Such men should undoubtedly receive the thanks and appreciation of every resident of Macleod and district.

Mayor McDonald, who assumed the fathering of Macleod when in its tottering stage, and who accepted the captaincy of what looked like a sinking ship, weathered the storms of adversity, overcame the shoals of financial distress and has landed the ship, by the help of his faithful crew of councillors and members of the hospital and school boards, in the smooth waters of security.

It is such men, as J. W. McDonald,

good of the town and its community, who has made a complete success of his own business, whose practical ability is known throughout the west, whose conception of all public matters is keen and comprehensive, that should be leaders in our great West. It was a wise saying by one of our greatest writers that "Leaders are born, not made," and the only way to make this great new country of ours worth while is to have it well populated by the pick of the world's settlers. The only way to get the pick of the world's settlers is to get leaders in its governing executive who can be looked to as men of education, integrity and worth, men who can instruct, men who can handle affairs of state in true statesmanship manner.

As in a country or state, so in a town or community, and hence it is we must in Macleod, take out hats off to J. W. McDonald, K.C., who has faithfully filled the position of Mayor for the town for many years, who has been subject to adverse criticisms time and time again, whose judgment in civic matters has oft been queried, but who in spite of all these obstacles has overcome and brought Macleod on top.

Let's hope Mr. McDonald's success won't stop at civic matters in Macleod, but that his ability as a leader may be soon recognized in a province that always has and always will require men of his stamp on its governing executive.

According to biblical writings, "A prophet is not without honor, but in his own country and among his own kin"—let us hope that this world old adage will be contradicted and that Macleod will honor its leader, as well as Canada at large—Macleod Times.

A party of editors of daily and weekly newspapers from Michigan and Minnesota were visitors to the province last week. They were members of the Island Press Association and Graphic Arts Guild and spent a day in Edmonton and Jasper Park.

DEPARTMENTAL EXAMINATIONS

The annual departmental examinations commenced in the high schools of Alberta yesterday. The program for the eleven-day session will be as follows:

Wednesday, June 16—Third year, Grade XI, reading the regulations, 1.45 to 2; arithmetic, 2 to 3. Fourth year, Grade XII, reading the regulations, 8.45 to 9; trigonometry, 9 to 12.

Thursday, June 17—Second year, Grade X, Latin 2, 9 to 12; French 2, 2 to 5. Third year, Grade XI, Latin 2, 9 to 12; French 2, 2 to 5. Fourth year, Grade XII, physics 8, 9 to 12. Friday, June 18—First year, Grade IX, reading regulations, 8.45 to 9; literature 1, 9 to 12. Second year, Grade X, reading regulations, 1.45 to 2; literature 2, 2 to 5. Third year, Grade XI, literature 3, 9 to 12. Fourth year, Grade XII, literature 4, 2 to 5.

Monday, June 21—First year, Grade IX, composition 1, 9 to 12. Second year, Grade X, composition 2, 2 to 5. Third year, Grade XI, composition 3, 9 to 12. Fourth year, Grade XII, composition 4, 2 to 5.

Tuesday, June 22—First year, Grade IX, geometry 1, 9 to 12. Second year, Grade X, geometry 2, 2 to 5. Third year, Grade XI, chemistry 1, 9 to 12; geometry 3, 2 to 5. Fourth year, Grade XII, chemistry 2, 9 to 12.

Wednesday, June 23—Grade VIII, reading regulations, 1.45 to 2; literature and spelling, 2 to 4.30. First year, Grade IX, history 1, 2 to 5. Second year, Grade X, history 2, 9 to 12. Third year, Grade XI, history 3, 2 to 5. Fourth year, Grade XII, history 4, 9 to 12.

Thursday, June 24—Grade VII, grammar and composition, 2 to 5. First year, Grade IX, general aptitude 2 to 5. Second year, Grade X, physics 1, 9 to 12. Third year, Grade XI, agriculture 2, 2 to 5. Fourth year, Grade XII, history of literature, 2 to 5.

Friday, June 25—Grade VIII, arithmetic, 2 to 4; rapid calculation, 4 to 4.30. First year, Grade IX, algebra 1, 2 to 5. Second year, Grade X, algebra 2, 9 to 12. Third year, Grade XI, algebra 3, 9 to 12; geography 1, 2 to 5. Fourth year, Grade XII, algebra 3, 2 to 5.

Saturday, June 26—First year, Grade IX, German 1, 9 to 12. Second year, Grade X, German 2, 9 to 12. Third year, Grade XI, German 3, 9 to 12.

Tuesday, June 29—Grade VIII, history, civics and geography, 2 to 4.30. First year, Grade IX, French 1, 2 to 5. Second year, Grade X, art 1, 9 to 12. Third year, Grade XI, art 2, 9 to 12. Fourth year, Grade XII, French 3, 9 to 12; geography 2, 2 to 5.

Wednesday, June 30—Grade VIII, agriculture, physiology and hygiene and art, 9 to 11.30. First year, Grade IX, Latin 1, 9 to 12. Second year, Grade X, agriculture 1, 1.30 to 4.30. Fourth year, Grade XII, Latin 3, 9 to 12; biology, 1.30 to 4.30.

Donald McPherson, the principal, is presiding over the examinations at the local school.

Leader McGillivray is about to unleash some thirty Calgary Conservative lawyers on the Alberta public and untold suffering awaits the unfortunate proletariat.

Finding a thrush's nest the other day reminded me of the first thrush's nest I found, some thirty years ago, and it might have been the same identical nest—same straw, structure and same lining of dried mud. Now, if Mr. Darwin is right, why don't the birds fit into the scheme of evolution? This carrying mud to the home, by the bill, is a terribly slow old fashioned way of building. "When will they use hods and mucksticks? How soon shall we see birds become capitalists—have their homes made by machines? And when will they cease straining their throats, and buy gramophones to turn on when they need a bit of music?—Kimberley Press.

COWLEY HAPPENINGS

V. S. Miller is a business visitor from Spokane.

Miss Ruth Fink has returned from the music training school in Spokane to spend the holidays.

G. W. Buchanan arrived Thursday last by motor from Vancouver, to spend the summer on the ranch.

Peter McEwen and W. Torrance have joined the road making crew in The Gap reserve, under Ranger Nash.

The dance given by the district teachers on Friday night, in aid of the school fair, was a success socially and financially, and the committee in charge take this opportunity to thank all who by their assistance assured a successful outcome.

The long drought has been broken. Rain started to fall on Thursday last and with intermittent showers every day to date, over an inch of rain has fallen, bringing welcome relief to the anxious farmer whose grain was about to give up the ghost. Indicates point to even more moisture.

LUNDBECK NOTES

Mrs. E. Langley, of Vancouver, arrived on Monday on a visit to her sister, Mrs. Harry Mundle.

Miss Stevens, of Vancouver, is visiting with her brother, Mr. Chris Stevens, south of Lundbeck.

As inseparable times, it has been arranged to use the Parish Hall for the polling booth on June 25th.

Mrs. Joe Morgan returned from her motor trip through Banff and Waterton, having had a most enjoyable time.

Percy Bennett and Bert Connolly shipped today two cars of horses to Winnipeg for the stampede. A number of the boys from this district are leaving in a few days to take part in the stampede.

Mrs. A. J. Dwyer, of the Liberal candidates, arrived home Tuesday morning for a short visit, after a strenuous campaign in the north. He was in the best of spirits and feeling confident of the outcome. His friends are very sorry to see that he is still suffering from the effects of his recent motor accident on the Cochrane hill.

Visitors May on the Lundbeck golf course was a great success, although the weather was cold and windy. Players from Pincher Creek, Cowley, and The Pass joined with Lundbeck in a mixed foursome and a four-ball foursome. Tea was served by the Lundbeck lady members of the club in the Red Tea Room, kindly loaned for the purpose by Mrs. A. Carwell, vice-president. The winners in the mixed foursome were Mrs. Penn, Lundbeck, and Mr. Tucker, Pincher Creek.

Peaceful picketing in the course of a strike is an offence in Canada under Section 50, of the Criminal Code. This decision, of vital interest to Canadian labor, was rendered in the supreme court of Canada on Monday morning in the case of Beners versus the King.

After all is said and done, it must be admitted that the average small town editor is reasonable. He will agree to almost any proposition that seems fair. He will even suggest several propositions and let the other fellow take his choice. This obliging attitude is well illustrated by a recent item in the Tribune, published in Altona, Kan., in which Editor Austin Butcher says: "Anyone owing this paper is requested to call and pay at once. Anyone who is not owing us and will not do so, is requested to move to North Dakota and make room for one who will."

DOES YOUR WIFE DRIVE FROM THE BACK SEAT?

It may read very commonplace, but it is so pat, so dovetailing into the eternal fitness of things, so expressive of human nature in the raw, that there may be public instruction in passing it on.

Mrs. Clara Levy is granted \$100 of separate maintenance money from her Felix, by a San Francisco court, largely because, one time, Felix advised her that it was too bad that she hadn't broken her neck.

Of course, no gentleman, much less a husband, would express regret that a lady's neck remained intact, without great provocation, and Felix explains: "She's a back-seat driver."

Further elucidating, Mr. Levy relates that they were autoing near San Jose when his wife said things about his steering which so confused him that he upset the car, breaking some of the apparatus, including his wife's jaw. Upon recovering reliable use of her jaw, the lady, says Mr. Levy, resumed criticism of his autoing where she had left off, adding some thoughts which had suggested themselves while her jaw was temporarily incapacitated, which Mr. Levy admits to the court, spurred him to regrets that she hadn't broken her neck, it being physically impossible for a wife with a broken neck to continue the practice of driving from the back seat.

This instance may appear to be rather distant and unimportant, but it seems to indicate a precedent. If wife breaks her jaw in driving from the back seat, it costs the old man only \$150 a month to express himself freely, a penalty which will appear reasonable to any man.

Messrs. Gerry and Smith, of Cowley, have secured the contract to supply the Winnipeg Stampede with wild cattle, shipments to be made about June the 29th.

FLY-KILLER ADVERTISEMENTS ATTRACT THE FLIES

On Saturday last, in opening up a copy of the Cardston News, we liberated five full-grown black flies. Looking over the paper we found there were many ads mentioning screen doors, fly-box, tanglefoot, etc.

John Mackenzie, gallily bedecked with an artificial rose, was a week end visitor. Queried regarding the decoration, he explained it was a Calgary day, day souvenir, and added that Calgary, with its tag days, was making it impossible for a good Scotchman to feel at home. He distinctly remembers that they have had two already this year.—Strathmore Standard.

THOSE UNLUCKY \$5 BILLS

It is considered very unlucky to have a two-dollar bill. If you have such a bill, the best thing you can do with it is to send it to The Enterprise for a year's subscription.

More than a year ago a Massachusetts firm offered fifty dollars for a fish story guaranteed to be absolutely true. No one has yet captured the prize.

The Liberals of the Rocky Mountain constituency made a good choice of candidate in Arthur M. Denamore. Mr. Denamore is a young Canadian citizen of ability and a desire to use it for the proper development of Alberta. He would be a valuable addition to the legislature at Edmonton.—Lethbridge Herald.

Here and There

Total trade of Canada during April, 1926, amounted to \$121,569,121, as against \$119,014,928 in the same month last year and \$109,064,056 in April, 1924. Of the total \$7,801,253 was for imports and \$60,166,868 for exports.

Immigration figures for the first three months of the current year show an increase of 103 per cent. over similar period for last year. Total number of immigrants entering country was 21,949 for 1926, as against 10,792 for 1925.

Production of manufactured non-metallic mineral products in Canada in 1925 reached a value of \$115,587,816, an increase of almost 45 million dollars over 1924 and the highest since 1920 for this group of industries. The operating plants in these industries in 1925 represent an invested capital of 159 million dollars.

Remarkable expansion of the cream export industry of the province of Quebec is disclosed by figures of the Dominion Express Company furnished recently. In May three to four carloads, or about 614,400 pounds of cream were going every week, while in June an average of a carload a day, 153,000 pounds, was predicted.

Tomatoes weighing over 22,600 pounds travelled across Canada by Dominion Express recently, constituting the largest load of hot-house tomatoes ever shipped out of British Columbia. Handled in a single express car, the shipment was the product of the Victoria Hot-House Association, which represents the majority of the tomato growers on Vancouver Island.

E. W. Beatty, Chairman and President of the Canadian Pacific Railway, left recently for England and the continent, for a trip which is to last several weeks. Mr. Beatty, accompanied by W. R. MacInnes, Vice-President of Traffic, will complete arrangements for the building of the company's two new ocean liners for the Atlantic route while in England.

One minute after midnight of May 31st, 104 m. 3 of the Lyndenville sub-division of the Boston and Maine Railway was taken over on lease by the Canadian Pacific Railway. Close to the international boundary and running through Vermont, summing and producing sections of Connecticut, Massachusetts, New Hampshire and Vermont.

Rockballasting of 44 miles of double track of the Canadian Pacific Railway lines between Brockport and Montreal West, on the main line to St. Johns, Que., and Sherbrooke, should be completed by September. The effect of the rock will be to strengthen the tracks, eliminate dust and ensure smoothness of travel. C.P.R. tracks between Quebec and Ottawa, and Montreal and Toronto have already been rockballasted in Eastern Canada.

The Trans-Canada Limited C.P.R. all-steel flyer from Montreal to Vancouver resumed her yearly summer season trips on May 16 when she pulled out of Windsor Station, Montreal, filled to capacity, the ten compartments, three drawing rooms and all sleeping berths having been booked some days prior to starting. The Trans-Canada Limited is the longest distance, all-sleeper train operated on the North American continent.

Charles E. S. McPherson, assistant passenger traffic manager, Western Lines, Canadian Pacific Railway, recently celebrated the 50th anniversary of his entrance into railway circles. He started in the ticket office of the Grand Trunk Railway, at Toronto, as junior clerk. Completing 40 years of service with the C.P.R., Mr. McPherson has served in Toronto, Niagara Falls, New York, Montreal, Boston, Saint John, N.B., and Winnipeg.

Now They're Divorced
Wife—"What kind of boots should I get to look best with the new style of dresses?"
Hubby—"Hip boots."

Stern Inspector: "Do you teach observation?"
Fair Teacher: "Yes."

"Then, I will test the class. Now, children, shut your eyes and sit still." Following this, the inspector made a slow sort of a noise, followed with: "Now, children, what did I do?"
For some time there was no answer, but ultimately one little boy piped out: "Kissed teacher."

Twelve Reasons For Electing Liberals

1. The Liberal Party stands for a more business-like administration of Alberta affairs. The present government is without business ministers, without business experience and has been without business success. It is a Class Government which is divorced from business entirely.

2. It stands for greater economy in administration. The present government has increased the debt of the province in five years by \$22,000,000, with nothing permanent to show for it. It has been more extravagant than any previous administration, or any other in Canada.

3. It stands for more progressive administration. The present government has nothing to show for its five years of office. It has passed no constructive legislation. It has delayed all the serious problems.

4. It stands for more active development of the unsettled areas. The present government has made no advance since it took office.

5. It stands for better development of agriculture. Capt. Shaw objects to bringing the pools into politics, but his record as a member in Ottawa shows his enthusiasm for co-operative marketing, his vigor for cheaper transportation rates, his insistence on the removal of all burdens which have been preventing development.

6. It stands for better educational facilities. The present government has been sacrificing education and burdening the department with useless educational fads.

7. It stands for better health organization and encouragement for hospitals. It has been doing nothing for the health department since 1921.

8. It stands for honest and efficient administration. A fair distribution of the expenditure on public works.

9. It stands for honest distribution of the province into ridings.

10. It stands for justice to the returned man in the province.

11. The record of the Liberal Party has been one of development and progress. It has to its credit:

1. The settlement of the province.
2. The organization into municipalities.
3. The destruction of railway, lumber and telephone monopolies which threatened its destruction in early days.
4. Farmer legislation such as co-operative elevator act, the farm machinery act, direct legislation.
5. The beginning of labor legislation, which has remained unimproved. This includes the Factory act, the Workmen's Compensation act, and other similar legislation.
6. The development of the vast Peace River area.
7. The organization of schools, the creation of the Provincial University, the Institute of Technology and Art and the Farm Schools.
8. Franchise for women and all legislation safeguarding the rights of women.
9. Hospital legislation and all progressive health legislation.
10. Soldier relief legislation.

12. It has at its head a man who has wide experience in legislation, who has at his back outstanding representatives, not of one class alone, but of all classes in the province—farmers, labor men, business men and professional men.

VOTE FOR ARTHUR M. DENSMORE

(Advt. Inserted by Alberta Liberal Party)

18 Nations Represented at Girl Guide Conference

Canadian Pacific liner Melita leaving Canadian Metropolis with Girl Guides.

Representing eighteen nations of the world, a party of twenty-nine girl scouts and guides sailed from Montreal recently on the Canadian Pacific liner "Melita" after having attended the International Conference of Girl Guides in New York. When the party arrived at Windsor Station, Montreal, from Buffalo, a delegation of Montreal officials met them and accompanied them to the pier.

Miss Lydia Lidholm, assistant in charge of the party, said that the members of the delegation had a greater conception of the spirit of

Girl Scouts gathered for last view of land on this side of Atlantic as Melita left port.

instrumental in advancing the Girl Scouts Movement through a closer relationship.

At present there are girl scout and girl guide movements in almost every community centre in Canada and the United States, while many of the rural districts are showing signs of interest in these organizations. The European party, who arrived in New York on May 5, came to see for themselves the organization systems in force here. They visited Boston, Washington, Detroit, Buffalo, Toronto, and Montreal.

In the Canadian metropolis the visitors were welcomed by Mrs. G. H. Duggan, provincial divisional commissioner; Mrs. H. M. Marler, divisional commissioner; Mrs. C. Campbell, president, Montreal Committee; Mrs. Ross McDonald, district commissioner. There were also a number of guide leaders and captains.

How's Business?

"Business is as good as we make it" is the answer of business leaders. And it is worth while to note that most big businesses owe much of their success and prestige to the steady use of Advertising.

ADVERTISING in "The Enterprise" would help you promote your business. It would attract new customers, retain the goodwill of old ones and increase public confidence in your store and service.

ADVERTISING is simply salesmanship in the mass. It is an efficient, low-priced salesman. Investigate its merits.

PROGRESSIVE MERCHANTS ADVERTISE

Issued by Canadian Weekly Newspapers Association

LODGE DIRECTORY

Blairmore Lodge No. 68,

N. O. O. E.
Meets every Tuesday night at 8 p.m. in the Oddfellows hall. Officers for the ensuing term: N.G., J. W. Hays; V.G., E. McElwain; Sec., J. B. Hays; F.D., Hays 207.

Crowview Rebekah Lodge

No. 64, I. O. O. F.
Meets the first and third Thursdays of the month at 8 p.m. Officers for the ensuing term: N.G., S. M. Harner; V.G., S. M. McKay; Sec., S. B. Harner; F.D., S. B. Harner.

Livingstone Lodge No. 22,

KNIGHTS OF PYTHIAS
Meets in the Castle Hall on the second and fourth Fridays of the month at 8 p.m. Visitors are always welcome. Officers: C.C., H. A. Garrison; K. of B. and S. B. Sensier.

Blairmore Lodge No. 15

R. P. O. E.
Meets in the Elk Hall the 1st and 3rd Wednesdays of each month at 8 p.m. Visitors are always welcome. Officers: C.C., H. A. Garrison; K. of B. and S. B. Sensier.

FRANK SCHOOL CONCERT

A successful concert was held in the Frank community hall on the evening of June 9th, when the children of the Frank public school entertained to a large audience. The programme, consisting of twenty numbers, was varied and well executed. Much credit falls upon Miss Pennman, Mrs. H. Sutherland and Mr. George Linn on the capable manner in which the concert was conducted, and to those who helped in every way possible. The children who participated performed their parts with enthusiasm and precision and the many eulogies testified to their ability as entertainers. Miss Violet R. of Blairmore, charmed the audience by the rendition of two vocal solos, which were loudly encored.

The neat sum of \$30 was realized, which will be used for the children's entertainment at their sports day, the last of June.

By means of yellow cards issued by the chamber of commerce, London retailers are drawing the attention of American tourists to the fact that the customs allow them to take \$100 worth of goods back with them.

DIVORCE ACTION DISMISSED

Mr. Justice Tweedie presided at the non-jury sitting of the Supreme Court at Lethbridge this week in the absence of Mr. Justice Ives.

The divorce suit of Gardiner versus Gardiner started the proceedings. Mrs. Anne Clarke Gardiner sued for a divorce from her husband, John Gardiner, a miner of Lethbridge, and for the custody of the two children of the marriage now with her at Coleman, where she is living with her father. Plaintiff charged defendant on the usual grounds, alleging that he had not contributed anything to the support of herself and children since August, 1925, when she was forced to leave him owing to his treatment of her. The parties were married at Standburne, Strling, Scotland, in July, 1918, and came to Lethbridge in June of 1921. The defence was a denial of what was alleged.

D. G. Mackenzie, of Gillis & Mackenzie, Blairmore, acted for the plaintiff; J. C. Hendry, of Lethbridge, for the defendant.

The case was dismissed, the defendant to pay the costs of the court, fixed at \$125. His lordship suggested that the children remain with the mother until next fall and that the father contribute something, to be agreed upon, for their maintenance, when application is re custody and maintenance may be made.

Teacher: "Sammie, name the four seasons?"
Sammie: "Salt, mustard, vinegar and pepper."

"I say, doctor, did you ever doctor another doctor?"
"Oh, yes."

"Well, tell me this: Does a doctor doctor a doctor the way the doctor doctor wants to be doctor, or does the doctor doctor the doctoring doctor the other doctor in his own way?"

ADDITIONAL LOCALS

See our stores for Saturday Special reductions on all products.—F. Hays & Co., Ltd.

A fine lake trout was landed by Judge McDonald at Crows' Nest Lake on Tuesday.

A bunch of canines visited the scene of a pair of balloon trousers the other day and after two hours' deliberations decided that the material contained therein was unshrinkable.

Dr. Charles Bland, D.D., of Zion church, Moose Jaw, has accepted a call from Fort Rouge United Church, Winnipeg, and will commence the new pastorate on the first Sunday in July.

Sixty-two thousand voices will merge and be recorded for the photograph when the chorus lifts its voice at the Pontifical mass on the second day of the Eucharistic congress in Chicago.

The local branch of the L.O.E.E. will hold a tea and sale of home cooking at the residence of Mrs. L. P. Robert on the afternoon of Tuesday, June the 29th, commencing at 3 o'clock. Come and bring your friends.

Little Willie in West Blairmore was asked by his mother to run round the corner and see how old Mrs. Brown was on Tuesday. Willie came back in about two minutes: "Mrs. Brown says it's none of your business how old she is!"

The old saying that there was no place in existence where you would not find a Scotchman has been proven in error, since the recent discovery of the North Pole, a place where there is only ice and water. It's no place for a Scotchman.

Rev. Bishop J. T. Kidd, of Calgary, accompanied by Rev. Father Macdonald, will attend the Eucharistic congress to be held at Chicago June 20th to 24th, when it is expected over a million Roman Catholics will be present.

Indications are that efforts will be propelled by labor leaders to have a judgment rendered by the British privy council regarding the decision of the Supreme Court of Canada, that peaceful picketing in the course of a strike was an offense in Canada.

Hon. Charles Dunning, minister of railways, is not a coming man. He has come. The Montreal Gazette, a political opponent, pays him this remarkable tribute: "He ranks today as, perhaps, the most dominating and certainly the most interesting figure in the house of commons."

Tailors have decided to sell balloon trousers to the sheiks by the pound rate, and municipal councils are considering imposing a nuisance tax while capitalists who claim that the extra bustling gathers up considerable of our natural resources will make a bid to utilize the by-products.

Rev. and Mrs. Pinder, of Hillcrest, and Rev. J. W. Oliver, of Bellevue, motored to Fernie on Monday and were the guests of Mr. and Mrs. J. Reid. They also took in the swimming pool and camp site. They think that these additions have made Fernie a fine place.—Fernie Free Press.

The mayor and a committee of the Fernie city council have made the East Kootenay Power Company an attractive offer in connection with the erection of their proposed power auxiliary plant, which is a move in the right direction. No effort is being spared to secure industries for Fernie.

On Saturday last, a young Englishman, who had been sheep ranching near Cardston, was in Blairmore, and referring to the use of slang, said: "You know, I couldn't get this bloomin' Canadian language, doncher know. He held the country he was called the son of a laird, had the shepherd of the flock, but however they call me a 'shepherding son of a coyote.'"

DAYS OF OLD

Think of the misty days of old;
Of king and lord and warrior bold;
Of lady fair with sparkling eye
And the drudge who toiled in the field hard by.

Seem to see the druid of yore
With his withered brow and his hair so hoar;
See the ignorant kneel to his mystic rite,
Closing the eye which should have sight.

Watch the armies march in their ranks to war;
The raging steed and the war-lord's car;
The shock of battle, the death, the pain,
The victors marching home again.

Wine which flowed in the wild cauld;
Base debauch that God allows;
Courage, awful 'neath passion's sway,
That quelled the foe but to fall a prey.

Up in the hills the shepherds know,
Gathering flocks in the lessening glow;
The comely wife and the ruddy child
That stood at the cottage door and smiled.

Back in the dim, dim aisles of time,
Go till your heart is full with the rhyme
Of the ages, silently slipping away,
Leading up to the present day.

The present, scarcely we seem aware
That only the present is everywhere.
In the present, yes, the past is here
And the future lies in the leaf of the year.

Think of the misty days of old,
Yet not so old as they seem to be;
For after all, when the tale is told,
Past and future are here in you and me.

—Anonymous, Bellevue.

TOURIST TRAFFIC IS HEAVY

Tourist traffic into Alberta, mountain resorts has been very heavy for the month of May and the first part of June. The perfect condition of the Calgary-Banff highway, which was completed as a permanent highway by the provincial government last year, has been responsible for practically doubling the early season traffic into Banff and Lake Louise. The total number of cars passing through the Kananaskis gate during May was 4066, compared with 2167 the same month last year. A new record for three days was established when, over the Victoria Day week-end, 1937 cars passed through the gate, an increase of 712 cars over the previous three-day record.

Mr. W. Bannan, of Medicine Hat, who had been here attending the Pythian activities on Friday last, remained the greater part of the week with his brother, Mr. S. Bannan. He was accompanied by Mrs. Bannan.

In spite of the heavy rains of the past week, the new highway from Pincher Creek to the mountains has stood the test and is in excellent shape. Tourists travelling this way avail of every opportunity to compliment the district on the splendid highway, which is the very best they find on their cruise.

How is it that no one in Alberta is suffering so much from the after-effects of strong drink as Mrs. McKinney, of Clarksburg. A commercial traveller claims that the old dame has been sore ever since 1921 when he and a chum finished the contents of a bottle near her gate without having the presence of mind to offer her a snort.

Mr. T. E. F. Pringle, for the past fifteen years city passenger agent of the Canadian National Railways in Winnipeg, has been promoted to the position of general agent of the company, with headquarters in Montreal. Mr. Pringle replaces Mr. H. E. Tilley, formerly of Edmonton, who was recently appointed general agent of the railways in Boston.

LIBERAL CANDIDATE

BUSY IN BANFF

BANFF, June 12.—Arthur M. Demore, Liberal candidate, although somewhat handicapped by having to use crutches on account of his auto accident, put in a very busy day in Banff, meeting a large number of citizens, discussing with them the problems of Banff and stating his position in this election. Everywhere he has met with the greatest encouragement. Today Mr. Demore intends going to Canmore and Exshaw.

Teacher: "What three words do pupils use the most?"
Boy: "I don't know."
Teacher: "Correct."

GARDEN SOCIAL AND SALE

The ladies of St. Anne's Church will hold a garden social and sale of home cooking on the grounds adjoining Mrs. Green's residence, on Wednesday, June 23rd, beginning at 2:30 p.m. Everybody welcome.

Cautious

An Aberdeen was taking a friend over the new home he had recently built.
"But," exclaimed the visitor, "I notice that you've not pasted the paper on the walls, but nailed it. What's that for?"
"Oh, aye," responded the host, "you see, we may not be living here always."

Voters Attention!

Directions as to the use of Preferential Ballot

The preferential ballot will come into general use for the first time in the forthcoming provincial election. Every voter should be thoroughly conversant with the method of marking the ballot, before attempting to vote. Read these instructions:

The voter must not use the X mark.

The voter must place the figure 1 opposite the name of the candidate who is his first choice, the figure 2 opposite his second choice, the figure 3 opposite his third choice and so on until he has voted for all the candidates on the ballot if he so wishes.

The voter may plump for one candidate alone, using the figure 1, without spoiling his ballot, but is urged to vote to the full extent of his choices, as it is only by doing this that the voter obtains the full benefit of this form of ballot.

The voter must not place more than one choice opposite any one candidate.

The voter must not make the same choice for more than one candidate.

The voter must not make any mark on the ballot not authorized by these directions.

Read these Instructions Carefully

Progress Of The C. N. R.

The most encouraging reading matter to be laid before the people of Canada for many years was that getting forth the complete operating results of the Canadian National Railways for the year 1925, supplemented a few weeks later by the statement made to Parliament by Hon. C. A. Dunning, the Minister of Railways. The Canadian National Railways, and its predecessors in the various separate lines which now constitute the National system, have for so long been a financial burden on the Canadian taxpayer, that it is a distinct relief to read the really splendid showing of the system last year, and the further betterments already reported for 1926.

The net earnings of the Canadian National last year were nearly double those of 1924, being \$22,564,114 as compared with \$12,544,351. This substantial betterment was brought about in two ways, by an increase of nearly ten million dollars in operating revenues, and a decrease of over five and one-half millions in operating expenses. Net earnings in 1925 were twelve times what they were in 1924.

Supplementing this annual statement for 1925, Mr. Dunning was able to inform Parliament that for the first four months of 1926, net earnings of the Canadian National amounted to \$9,559,217, a record for any similar period in the history of the amalgamated system, and the Minister was therefore in the happy position of being able to say that "given a reasonably good harvest and freedom from traffic losses due to labor difficulties it may be possible for the National Railways to pay this year their entire interest charges due the public."

That is to say, if present conditions are maintained, and the promise of the 1926 crop realized, the Canadian people this year will not be called upon to make good any deficit out of taxes.

For the first time, too, the Canadian Government ships, now operated by the Canadian National management, showed an operating profit during the first four months of 1926. The National Railways are carrying cargoes to the ships, and the ships are bringing traffic to the railway.

Sometimes operating betterments are shown by cutting down expenditures in the provision of needed equipment and in maintaining a railway fully up to standard. In the case of the Canadian National, however, it is satisfactory to learn that this is not the case. On the contrary, the physical condition of the system has been steadily improved and better, not less satisfactory, service provided.

As pointed out in a recent article, it was this improvement in Canadian National finances which was an important factor in enabling the Finance Minister in his recent budget to lower the Income Tax, return to two-cent postage, wipe out the receipt tax, and reduce the Customs duties on certain types of automobiles. Thus, not indirectly, but directly and immediately the people of Canada enjoy a measure of tax relief because of the success being achieved by Sir Henry and his co-workers in the management of the Canadian National.

If the expectations of Sir Henry and Mr. Dunning are realized this year—and present indications are that they will be—then further taxation relief may be looked for, or, as an alternative, a start made in the direction of reducing the enormous war debt, which the Dominion now has to carry. Either way, of course, would mean a further reduction in the financial burden and obligations of the Canadian people.

Finally, it is a matter of particular national gratification that this steady and even rapid improvement in the Canadian National has been brought about without doing any injury whatever to Canada's other great national railway, the Canadian Pacific. The C.P.R. also recorded a very successful year in 1925, far better than was expected during the earlier months of that year, and thus far in 1926 it continues to further improve and strengthen its position. Much as Canadians desire to see the Canadian National prosper and more than pay its way, they are equally desirous of seeing the C.P.R. prosper and prosper. There is no wish to advance the welfare of one system at the expense of the other. Both are national systems in the true meaning of the term, and both can and are rendering services of immense value to the Dominion.

With increasing immigration, a general renewal in all lines of industry and commerce, and given a good crop throughout the country this year, the future of Canada's railways is encouraging.

Big Fair Opened

Sequel-Centennial Exposition

Philadelphia is Now Underway

Philadelphia's Sequel-Centennial Exposition, celebrating the 150th anniversary of the signing of the Declaration of Independence, got underway May 21st, and will remain open until November.

There was a parade three miles long; there were 150 guns, 20,000 spectators; addresses by Secretary of State Kellogg, Secretary of Commerce Hoover and Mayor Freshford Kendrick.

Gallon, who classified fingerprints to aid in identifying criminals, figured that exact duplication of prints would occur only once in 45 billion cases.

Women Workers In Britain

Four Million Employed in Industries

Save Former Labor Member

Approximately 4,000,000 women are being employed in British industries. It was stated by Miss Margaret Bondfield, former Labor member of parliament, and the first woman to serve as parliamentary secretary for the ministry of labor. She said there were some 10,000 women engaged in mining and about 225,000 in engineering.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Expeller.

A clever girl is one who knows what you do mean when you say things you don't mean.

Children Cry for Fletcher's CASTORIA

MOTHER—Fletcher's Castoria is especially prepared to relieve infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of Dr. J. C. Fletcher. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

Enterprising London Tailor

Guarantees Suits Will Not Be

Duplicated in Out Or Material

Since neither the bright colored suits nor the Oxford trousers have been adopted by the really smart Londoners, an enterprising tailor has decided to boom a new fashion for the coming season. It is announced that he has made special arrangements with a cloth weaver which will allow him to supply suitings to young men which will not only be exclusive in cut, but which will carry the guarantee that only one suit will be made from that particular material. It will be more exclusive than any "Paris model" for women. For some time the most fashionable tailors have reserved it as an unwritten law that not more than one suit may be made from any one material, but the exclusive unit is an unprecedented development. The rights of the first exclusive suit will be put up for auction—London Dispatch to Chicago News.

Joint Stiffness Goes, Swellings Disappear, Pain Is Subdued

No Liment Does Such Universal Satisfaction As

NERVILINE

It is the great penetrating power of Nerviline that makes it so efficient in overcoming swelling, stiffness and inflammation. It rubs into the very core of the pain, penetrates quickly through the tissues, and brings a warm, comforting relief at once. No liniment compares in pain relieving power with Nerviline. For the minor pains and aches that arise in every family, Nerviline should always be kept handy on the shelf. The it for Rheumatism, Lumbago, Neuritis, and Colds. 35 cents at all dealers.

Money In Potatoes

Owing to the shortage of potatoes in Canada and the United States, farmers in the Salt Sea. Marib district have been marketing their potato crop at good prices. Recently a farmer in the township of Laird sold 15,000 worth of potatoes at \$2.50 per bushel.

WEAK AND NERVOUS

A Condition Always Due to Thin, Watery Blood

Thin blood and weak nerves generally are found together. Thin blood means seldom complaint of nervousness. The reason is that the blood does the work and keeps them from doing it up to the work nature intended. When the blood is thin and weak it fails to perform its function and nervous troubles follow. The following case will interest those who need a tonic for the blood and nerves: The following D. Veno, Union Square, N.Y., writes: "With a feeling of gratitude I write to tell you what Dr. Williams' Pink Pills did for me. I had become badly run down, and reached the stage when I could not do my housework. I was not only weak, but my nerves seemed completely shattered. The least noise would startle me and I was subject to nervous headaches. I was still, I could not sleep at night. Perhaps I would get an hour or two sleep, and then be awake for the rest of the night. I had reached a stage when I actually feared I would lose my mind. Up to the time I decided to take Dr. Williams' Pink Pills, nothing I had taken seemed to do me any good. I got a few boxes of these and gave them a try. There was no doubt they were the medicine to help me. As I continued the use of the pills I gradually grew stronger, ate better and could sleep at night, and now I am as well and strong as a woman could be. I hope some other weak, nervous person will be benefited by my experience. Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Alberta Oil Boom

Nearly Fifty Wells to be Drilled in Turner Valley Field

Oil drilling operations in Southern Alberta continue at a steady pace and a recent survey of the industry shows that nearly fifty wells are drilling or about to be started this year in the Turner Valley field alone. The E. J. Miley Exploration Co. of California is planning to drill several wells in the Many Island field near Medicine Hat. It is also stated, although unconfirmed, that the Dutch Shell Oil Company will finance the Alberta field in search of oil.

Husband (irritably)—Can't you remember where I left my pipe? Wife.—No, dear. Husband.—Hess me, that just shows the forgetfulness of women.

Ding.—What kind of a doc is Jones? Ling.—I thought he was an eye doctor till I got his bill; then I found he was a skin specialist."

Makes Living From Unusual Profession

Woman Supplies Catchy Names For Homes, Boats and Many Commercial Products

Have you some unusual little gift or talent, some whimsical little attitude or individual trick of turning out originalities? Use it. Use it. Use it. (It may bring you happiness and friends, fame and fortune) even though it may not be easy to classify your ability or find a title for it.

"Nomenclature" is a profession of which one woman is believed to be the sole representative. Miss Laura Lee Rogers, of Elizabeth, New Jersey, has for twenty years made a business of the art of supplying attractive names—artistically appropriate, or cleverly "catchy"—for homes, boats and products of commercial manufacture. Some of the names Miss Rogers suggested, or invented, for prepared cereals and other foodstuffs have become known throughout the world.

Find Rare Stone

Red Diamond Dug Up At Kimberley Mines

A red diamond of considerable value has been found on the alluvial river digests at Kimberley, South Africa. This specimen of stone is very rare, and is likely to fetch anything from \$500 to \$750 a carat.

The cutting of the stone was placed in the hands of a local firm, and though the accomplishment of this has proved a some difficulty, the result will be that a flawless stone of about six carats will be produced.

The gem, at first glance, might be taken by the uninitiated to be a ruby of gigantic proportions, as it is an entirely red stone without a blemish of any kind. Close inspection, however, reveals that it possesses all the requisite properties of the true diamond, the grain being absolutely similar.

Growth Of B.C. Industry

Production Has Increased at Rapid Rate as Shown by Figures

Great faith in the future of British Columbia has been shown in the establishment of many new industries and the expansion of those already existing, according to A. A. Millette, secretary of the B.C. products bureau. In 1910, there were 332 plants in the province having a production valued at \$35,000,000 and employing 11,000, with a payroll of approximately \$14,000,000. In 1925 the number had grown to 1,500 plants with a production of \$190,000,000 and a payroll of \$141,000,000 to 55,000 employees.

"Series Heat Quake"—Have you a persistent sore that refuses to heal? Then, try Dr. Thomas Electric Oil in the dressing. It will stop sloughing, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is a recognized healer of ulcers, and numbers of people can testify that it healed where properly applied.

British Royal Princes All Barristers H.H.H. the Duke of York was called to the bar and made a bench of Gray's Inn last month. Following ancient tradition, British Royal Princes always become barristers, but are not required to pass the usual examinations.

TOOTHACHE.

Baths the face with Minard's tooth powder. Place a piece of cotton wool saturated with Minard's in the cavity of the tooth.

Writing Off the Debt

Giving the Canadian National a Chance To Pay Profits On Its Real Value

If the Canadian National could be brought to the point of paying interest to the bondholders out of its earnings, there is much to be said for this suggestion. This is the only way in which the debt could be paid off. It is true that this would be literally a matter of bookkeeping. The debt would remain, with debts which are really transferred to the national debt.

But the moral effect would be salutary, and doubtless it would be reflected in a greater buoyancy of that intangible but vital psychology of business which counts for so much nowadays in the material prosperity of the nation. Mr. Dunning says it is questionable if any railway management could make good the frantic borrowings which overwheeled the former owners. That is the real point at issue. It is not fair to charge the railway with debts which are really the heritage of a financial failure. It would be better business to squeeze all the water from the National; to revalue it on a physical basis; to give it a chance to pay profits on its capital value in a going concern; and to charge the water to them other "abilities of calamity," such as the war debt, which have to be paid, but which need not and should not be hung as a millstone on the neck of any single industry.—Vancouver Province.

His Back Has Not Bothered Him Since

Why Mr. Marchbank Knows Dodd's Kidney Pills Are Good

New Brunswick man is enthusiastic over the remedy that brought him relief—Dodd's Kidney Pills. (Special). "My trouble first started when a strain and bothered my back so much. I was laid up most of my time. I saw a doctor but they did me no good. I took about six to ten boxes of your Dodd's Kidney Pills and my back has not bothered me for over two years now. You may publish this if you wish."

This statement was sent to us by Mr. H. J. Marchbank, a well-known resident of this place. Mr. Marchbank's back was caused by sick kidneys. That is why he got such prompt and permanent relief from Dodd's Kidney Pills. They act directly on the kidneys strengthening them and enabling them to do their natural function, thus removing all the impurities out of the blood.

Impurities in the blood are the seeds of disease. Dodd's Kidney Pills make good health by removing the seeds of disease.

Stage Historic Pageant

Edmonton Exhibition to Have a Novel Attraction This Year

Hon. Charles Oliver will open Edmonton exhibition this year, July 12. The board of management felt that it was peculiarly fitting that this honor should fall to Mr. Oliver in view of the fact that this year marks the 51st anniversary of the creating of the province of Alberta with the early history of which he had so much to do.

The Old-Timers' Association, 506 Avenue, is taking active interest in the historic pageant, which is the exhibition's method of marking the anniversary and has moved the original building of the Bulletin. Edmonton's first paper, to a place beside their club house on the exhibition grounds. The pageant will be officially known as "The Coming of Age," and will have 15 episodes.

British Housewives Farm Union

In the opinion of Mrs. C. S. Peel it is absurd that the latest propaganda for women—housewifery—is entirely without any union. Therefore, the British Housewives' Association, of which she is the chairman, has been formed with the purpose of urging cooperation among women for better domestic service, and cleaner methods of handling food.

Give Him The Gas

"Slats Jones, 'tee takin' up a collection' for do benefit of our worthy pastor," exclaimed one of the brethren. "You know, 'tee takin' up a collection' for do benefit of our worthy pastor, 'tee takin' up a collection' for do benefit of our worthy pastor."

"So's your old manlie, 'tee takin' up a collection' for do benefit of our worthy pastor."

Life's journey is no less a journey than a man is out of breath when he reaches the end of it.

Minard's Liniment for backache

CANCER

Great Success Of

CANTASSIUM TREATMENT

A well-known London surgeon and eminent authority on cancer, writes: "I have seen many cases of cancer cured by the Cantassium treatment. It is due to a deficiency of potassium in the blood, which causes the cells to break down and become cancerous."

The Real Cause of Cancer

A remarkable book has been recently written. This book will be sent free to patients or any one who is interested in the most successful method of fighting "THE CANCER SCOURGE."

The following is a list of the chapters: 1. The Limitations of Surgery. 2. Some Doctors' Opinions. 3. The Cantassium Treatment. 4. The Cantassium Treatment. 5. The Cantassium Treatment. 6. The Cantassium Treatment. 7. The Cantassium Treatment. 8. The Cantassium Treatment. 9. The Cantassium Treatment. 10. The Cantassium Treatment. 11. The Cantassium Treatment. 12. THE ECONOMIC NEED OF CANADA IS MORE PEOPLE

Toronto.—Canada's economic need is for more people. We need more producers and more consumers. The policies which give as both are the policies which produce prosperity, and prosperity will give us the national unity. If we can have widespread prosperity we shall bear little of the need for national unity or national harmony. These were the closing words of Right Hon. Sir Thomas White, former Dominion minister of finance, in an address delivered at the closing session of the annual meeting of the Canadian Manufacturers' Association here.

Sir Thomas declared that the policies necessary for prosperity were the policies which would develop the resources of Canada. Prosperity had for Canada a much greater significance than the mere making of money. "We must, even if it involves some cost to us, provide in Canada the diversified industries, and occupations which will take up that part of our population which desires to engage in callings other than our primary industries. We should do everything in our power to promote agriculture, mining, lumbering, fisheries, but we should also do everything in our power to promote industrial enterprises," he said.

Sir James Aikins, lieutenant-governor of Manitoba, who preceded Sir Thomas White, made a strong appeal for Canadian unity. In behalf of the prairie provinces he begged that sympathy be shown by the rest of Canada. "If any of our provinces are weak, I beg of you, gentlemen, to consider them in a spirit of fairness and assistance in order to make them strong or Canada itself strong," he said. His honor, Col. Harry Cockshutt, lieutenant-governor of Ontario, paid a tribute to the remarkable development of the Canadian west in the past quarter century. "Today the west has a prosperity west with a wealth in 1921 of \$6,400,000,000, and a population of 1,800,000, who produced in 1921 \$840,000,000 and whose estimated total wealth to 1921 is eight billions. These figures speak for themselves and give us courage to face the future with a strong heart."

Hauling Gravel On Hudson's Bay Line

Two Trains Distributing It Along Right Of Way.

The Pan, Man.—A steam shovel has started operation on the Hudson's Bay Railway. It is located at a gravel pit about five miles south of the town of this pit was recently excavated by the Canadian National Railway, which is taking steps to acquire the land adjoining, which contains a large quantity of gravel. Two trains are working out of this pit, distributing gravel along the right of way. It is expected that another shovel will be put in commission very shortly.

Lloyd George To Visit Russia

LONDON.—Former Prime Minister David Lloyd George is said to have decided to accept the invitation of the Soviet to visit Russia this summer to see what progress the country has made. Labor circles say that Lloyd George already is considering the Russian Government is not as bad as it is painted and will advocate closer relations with it.

Strike Is Settled

Oslo, Norway.—The strike of 20,000 engineers and miners which began last April has been settled by the acceptance of mediation on the part of the employers and workers. The employers insisted upon the 17 per cent reduction in wages based on the reduced cost of living.

Sentenced to Hang

Winnipeg.—Sentence of death was passed on Daniel Procey for the murder of Annie Carkin, an old-time sweetheart, in Winnipeg, March 15 last. The execution was fixed for August 25. Procey was unmoved when sentence was pronounced.

Economic Commission

Berlin.—An economic commission is to investigate Germany's capacity for production in all lines and her marketing facilities at home and abroad. The new body will begin its investigations immediately.

Negotiations Completed

Liverpool.—It is understood that the negotiations for the sale of the White Star Line have been completed, excepting minor details, and all arrangements are being made to transfer the line to British interests early in July.

W. M. O. 1633

Killed By Senate

Old Age Pension Bill Defeated in Upper Chamber.

Ottawa, Ont.—The senate threw out the old age pension bill by a vote of 46 to 21.

The defeat of the bill came on the second reading, which had been moved by Senator Dandurand, Government leader. In the vote, Senator Robertson, former minister of labor, was the only Conservative to support the bill. Sir Allen Aylesworth, Senators J. J. Hughes, and Senator Turill, all from the government side of the house, voted with the Conservatives against the bill.

Senator W. B. Ross, Opposition leader, said that he believed the government had no constitutional right to invade provincial jurisdiction over such matters as old age pensions. The bill, he contended, was a discrimination against the maritime provinces because they were unable to participate in the financial proposals of the bill. Senator Belmont said it would be unfair to deprive some provinces of the advantages of the scheme because others could not take it up.

Senator Beaulieu said Quebec opposed the bill. Senator J. D. Reid said that only one out of the nine provinces had expressed a willingness to participate in the scheme. It should have been dealt with by a conference of premiers before introduction.

Senator Dandurand, Government leader, in moving second reading of the bill, urged that it was a measure of relief for poor working people.

Popularity of Lord Willingdon

Canadians Resident in London Are Pleased With Appointment.

LONDON.—Canadians resident in London warmly welcome the announcement of Viscount Willingdon's appointment as governor-general of the Dominion of Canada in succession to Baron Byng of Vimy.

Hon. Peter Lark, Canadian high commissioner in London, in a statement testified to the qualification with which the news of the appointment had been received in Canada. Right Hon. Sir Hamar Greenwood, Conservative member of the house for Walthamstow East and former chief secretary for Ireland, was equally convinced that a hearty welcome was given to Lord Willingdon on taking up residence at Rideau Hall, Ottawa.

Higher Production Of Registered Seed

Decided Increase Shown in 1925 Over Former Years.

Ottawa.—Canadian production of registered seed of the principal field crops in 1925 shows a material increase over former years according to figures just released by Peter Stewart, secretary of the Canadian Seed Growers' Association. Wheat, barley and sweet clover made the greatest gains, the increases over the previous year being 40,000 bushels, 5,900 bushels and 7,000 bushels respectively.

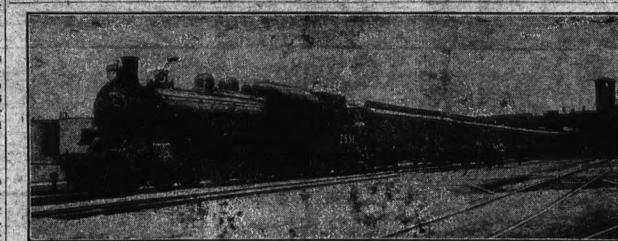

There is a growing demand from many lands for samples and quotations for Canadian registered seed, which seems to point to possibilities for a flourishing export trade within the near future.

Murdered in China

Shanghai, China.—Mrs. W. E. Sibley, wife of a Canadian Methodist missionary at Janghai, Szechuan province, was murdered in the streets of Chengtu, in the same province, according to a message from the latter place.

Motor Van Kills British General

LONDON.—Brigadier-General Edward A. Plunkett, veteran of many wars, was knocked down by a motor van while crossing Piccadilly. He died on the way to the hospital.

Tariff Advisory Board

Manufacturers' Association Expresses Faith That Proper Stand Will Be Taken.

Toronto.—Confidence that the new tariff advisory board would deal fairly with the problems which it will be called upon to face, keeping in mind a broad Canadian attitude in its discussions, was expressed by various speakers at the annual meeting of the Canadian Manufacturers' Association.

President J. H. Porter, Quebec, said: "I think, gentlemen, that when you take your cases to that commission, you will be well received. I have all faith that as Canadians they will take a proper stand."

Regarding the relation of the manufacturers to the rest of the country, the speaker said: "What we want is to show ourselves in a proper light to other classes in the country. Our case is this, case, their case is this. If we could hedge over the gap that appears to exist we would have accomplished something worth while for the good of Canada."

Hon. E. J. Davis, Newmarket, declared that co-operation was evident in Canada today and therefore suggested a Canadian development committee, composed of men of broad vision to meet representatives of farmers and other classes to discuss matters of interest to the country. He was an excellent condition of affairs could be brought about.

\$3,000,000 IS VOTED FOR WORK ON H. B. ROAD

Ottawa.—After considerable discussion, the house passed a vote of \$3,000,000 for the Hudson's Bay Railway. The vote went through without a division.

The purpose of the vote is to put into shape for operation the 333 miles of the road from The Pas to Kettle Rapids on which steel has already been laid.

Speeches came mainly from Conservatives, among whom Hon. R. H. Mackenzie, representing the west, gave a division of opinion over the road. The point was pressed, however, that before embarking on the Peter Nelson harbor scheme, it would be advisable to make practical tests of the Hudson's Bay route. Hon. Dr. Martin suggested that, to this end, a Canadian government merchant marine vessel should make trips for three years from Halifax to Peter Nelson and give a fair and honest report of the straits and the bay.

Hon. R. B. Bennett was emphasizing the suggestion when a Conservative interrupted that the vessel in the test trip might take the cabinet along.

"Or the board of strategy," shouted Hon. C. A. Dunning. Immediately after the passing of the Hudson's Bay Vote, the house, without discussion, passed two votes for the Welland Canal. One was \$14,000,000 for construction, the other \$148,250 for additional payment to the contractors.

Withdraws Motion On Egg Grading

Question Will Be Referred To Committee Of Agriculture.

Ottawa.—A motion introduced in the house by Hon. Hugh Guthrie (Conservative, South Wellington), that the act in the opinion of the welland canal, one was \$14,000,000 for construction, the other \$148,250 for additional payment to the contractors.

SENATE ADOPTS AMENDMENTS TO CUSTOMS TARIFF

Ottawa.—The senate adopted the budget amendments to the customs tariff and the bill was given its third reading.

When these amendments were under discussion, Hon. J. D. Reid, former minister of customs, said from his experience the customs staff on the whole was a good organization. He never could understand how the service administered the customs act at the salaries paid. Men getting less than \$2,000 a year were doing work of the most important character. He did not believe the customs act would ever be properly administered unless competent men were secured by paying adequate salaries.

Hon. Jacques Buteau, late minister of customs, endorsed the remark of Dr. Reid. He believed the present customs staff was equal to any in the government service but are under-paid and under-manned.

There was considerable discussion on the amendment making free certain automobiles parts not manufactured in Canada.

Senator Gordon thought that the duty should be maintained and these parts made here.

Senator Dandurand said that when they were manufactured in Canada the duty would be replaced.

Hold Royal Court

Nearly Nine Hundred Guests Present at King and Queen at Buckingham Palace.

LONDON.—Plumed, bejewelled and groomed in gossamer court gowns of dazzling beauty, women of social and political prominence were presented to King George and Queen Mary at Buckingham Palace at the first of the queen's royal courts.

The King and Queen entertained nearly nine hundred guests, mostly drawn from official diplomatic circles, as the custom for the first court. About a third of those attending were debutantes and older women who were ushered into the presence of royalty for the first time.

Valuation Of Elevators

Valuation of 481 Elevators in Saskatchewan To Be Made This Month.

Winnipeg.—On application of R. H. Milken, representing Saskatchewan Pool Elevators Ltd., proceedings of the arbitration board valuating the elevators of the Co-op. Elevator Company in connection with the proposed sale of the Saskatchewan Wheat Pool were suspended, after two sessions. The date is to be fixed at Fort Arthur and the arbitrators are returning home. It seems probable the third and final session of inquiry, namely, that dealing with valuation of 481 the elevators located in Saskatchewan will not be proceeded with before June 23.

Body Washed Ashore

Windsor, Ont.—The body of Mrs. James Philp, missing since the middle of the winter, with her husband and three children, who disappeared while diving in a sedan across Lake Erie from Pelee Island, was washed ashore at Burrows Bay, three miles from Leamington. The body was identified by Fred Gate, brother-in-law of Mrs. Philp.

Given Life Membership

St. John, N.B.—Life membership in the National Chapter of the Imperial Order Daughters of the Empire was conferred on the honorary president, Lady Byng of Vimy, as a tribute to the wife of the former commander of the Canadian Corps, by the National Chapter in session here.

May Organize Wheat Pool For Ontario

Will Likely Work in Close Co-operation With the Western Pools.

Toronto.—That the United Farmers' Co-operative Company, Limited, undoubtedly will take the initiative in organizing an Ontario wheat pool to work in close co-operation with the Western Pools, was indicated by H. A. Gilroy, president of the United Farmers' Co-operative Co. Ltd., in a statement here.

Colin A. Burnell, Winnipeg, secretary of the central selling agency of the western pools and president of the Manitoba Wheat Pool, has been in close touch with executive members of the U.E.O. organizations during the past week, and if the co-operative company decides to proceed with the proposition, it is expected, Mr. Burnell will be called upon to assist in the necessary organization.

Mr. Gilroy expressed himself as having complete confidence in the feasibility of a wheat pool for Ontario, but the matter will be "breathed out thoroughly at the next board meeting of the United Farmers' Co-operative Company, Ltd., this month."

B.C. Sawmill Burned

Big Blaze Throws Two Hundred Men Out of Work.

Merritt, B.C.—Two hundred men are out of work in this town in Nicola Valley, the interior of British Columbia as the result of a fire which destroyed the sawmill of the Nicola Pine Lumber Company, one of the largest mills in the province, with a resultant loss estimated at \$200,000.

Several of the employees were rescued from the blazing building, only with great difficulty and the whole town for a time was threatened by the umbers which were carried for long distances by a heavy wind.

Heavy rains and strong winds, which resulted in the planing mill, drying kilns and millions of feet of lumber in the adjacent yard to the sawmill being saved, despite the fact that the wind was blowing in that direction.

Want Germany In League

Leaders Anxious to Settle Membership Question in September.

Geneva.—To get Germany into the League of Nations at the September meeting at all costs appears now to be the definite programme of the league leaders.

In consequence, a special session of the council will be convoked during the summer in order to render impossible any repetition of the March fiasco when the Reich statesmen were obliged to return to Berlin without being elected to membership.

This means that if Spain and Brazil continue their present policy, which is termed here as "slinking," they probably will be jettisoned by the main body of work of re-organizing the council proceeding without them.

GOOD SUPPORT FOR A NATIONAL FUEL POLICY

Ottawa.—Establishment of coking plants in large centres of population and the adoption by the Dominion of measures which would enable Canadian coal to be marketed in Central Canada were recommended by provincial governments who appeared before the special committee of the house investigating the Dominion's coal supply.

Premier Ferguson, of Ontario, said his province was willing to bear a fair and reasonable share of the cost of encouraging the coal industry in Western Canada and in the Maritime Provinces. The use of Canadian coal in Central Canada, in place of the importation of this commodity, would, he observed, tend to keep money within Canada.

Hon. W. R. Craig, attorney-general of Manitoba, and H. C. E. Richards, New Brunswick minister of mines, supported the recommendations to produce fuel from Canadian mines instead of importing it.

Mr. Craig said that the experience of Manitoba with Alberta coal had been highly satisfactory. Manitoba was prepared to do its share in supporting a national fuel policy.

Mr. Craig presented a resolution passed at the present conference here of provincial premiers, which expressed the opinion that the Government of Canada should take immediate steps to ensure the establishment of coking plants in the large centres of population and the adoption of such other measures by the Dominion as will enable Canadian coal to be marketed in the central parts of Canada.

GRAIN SHIPPING BILL FINALLY PASSES HOUSE

Ottawa.—The Campbell bill to give grain shippers the right to specify the terminal elevators to which their grain should be shipped, passed final stages of the House of Commons after about an hour's discussion.

The amendment made was one by J. O. Ross (Liberal, Moose Jaw) which included Moose Jaw in the list of order points.

Hon. J. A. Robb announced that after consultation with the board of grain commissioners, the government had decided to make Moose Jaw a grain inspection point.

During the discussion, W. W. Kennedy (Conservative, Winnipeg South Central), said that members of the wheat pool put forward the claim that they, the grain growers, had the right to gather their grain into country warehouses and ship that identical grain direct to their own pool terminals. He admitted that they had the right, but the question arose as to how they could accomplish this purpose.

The members of the wheat pool gathered more grain than they could store in the country. Consequently they were dependent upon the storage space controlled by the private elevator companies in order to accommodate the grain which they collected. But if they stored their grain in private country elevators the owners of these elevators would ship the grain to the terminals.

Hon. Robert Rogers (Conservative, Winnipeg South), expressed the belief that the sponsors of the bill would come back to parliament a few years hence and ask that it be repealed. It would, he said, be a pity to let the general interests of Western Canada.

Suggest Co-operation To Stop Smuggling

Matter Discussed at Conference Between Canada and U. S. Officials.

Ottawa.—Closer co-operation between the Canadian and United States governments in regard to smuggling was under discussion at a conference here between Canadian and U. S. officials. United States assistant secretary of the treasury, in charge of the American prohibition and customs department, Harry C. Whitfield, collector of customs for Vermont, and Hon. G. H. Borden, minister of customs for Canada. No announcement of the actual matters discussed was made.

Would Cut Tax On Wines

Ottawa.—The cabinet and provincial representatives of the several provinces, passed a resolution asking the Federal Government to cut to one-third its taxes on wines and spirits sold in Canada, in order to provincial government agencies, and also to reduce to one-half the tax on wines and spirits imported by these agencies.

World's Record For Seeding

Winnipeg.—Seeding operations, on a scale said to constitute a world's record, were carried out on the farm of Mrs. H. Joiner, of Spring Coulee, Alberta, on June 7, when 360 horses, 40 catties, and 20 seed drills, were used by neighbors in the sowing of 200 acres. Mrs. Joiner's husband died recently.

Whittemore To Hang

Baltimore, Md.—Richard Reese Whittemore, who killed Robert M. Holtzman in escaping from the penitentiary in February, 1925, is to hang. This was the sentence pronounced upon him by Criminal Court Judge Eugene O'Hara. Sentence was pronounced by Judge O'Duane behind locked doors.

Amundsen to Visit Vancouver

Vancouver.—Rudolf Amundsen, leader of the successful trip across the North Pole from Spitzbergen to Nome, will be a visitor here before the end of June. Word to this effect has been received by C. J. Bjorke, Norvegia consul here, in reply to an invitation extended by Mayor L. D. Taylor.

Canadian Immigration To U. S.

Washington.—Quota limitations on immigration from North, Central and South America and 20 seed drills, were used by neighbors in the sowing of 200 acres. Mrs. Joiner's husband died recently.

Austrian Situation Excites

Geneva.—The sub-committee for Austria on the council of the League of Nations has voted that the league's national control over Austria should terminate on June 30 as the situation in that country was excellent.

Mr. J. E. Gillis, of the law firm of Gillis & Mackenzie, left last night on a business visit to Regina.

Hon. Arthur Meighen, Conservative leader, celebrated his fifty-second birthday on Wednesday.

PIANO LESSONS—Beginners and advanced, pupils. Apply Mrs. J. Huguet, Box 2019. [3,17,1,16]

The new tipple and washery of the International Coal & Coke Company, Coleman, was put into operation this week.

A Scotchman visiting America was asked what he thought of Prohibition. "Well," he said, "it's better than no liquor at all."

Miss M. Chardon has opened up in the studio formerly occupied by Miss Hazel Brown and has already quite a class of piano pupils.

Great Britain's annual betting turnover is estimated at £306,000,000. And still some reformers would claim that liquor is the biggest curse in any country.

Mr. Legge, of the Calgary Land Titles' office, and W. D. Spence, deputy minister of municipal affairs, were in town yesterday as witnesses in the P. Wright case.

His Lordship Bishop Kidd, of Calgary, visited the new school on the Blood Indian reserve on Sunday last and gave the Roman Catholic official blessing to the new church nearby, which is about finished.

A Montreal man has died as a result of eating stewed rhubarb leaves. Hospital authorities say that people should beware of rhubarb leaves and not eat them, as they are deadly poison.

Steve Solstice, of Calgary, and Roddy McDonald, of Drumheller, formerly of Coleman, have signed articles for a fight to be held in Drumheller on July 1st. They are light-heavyweights.

The social committee of the local L.O.O.F. are putting on a dance in the Lodge Hall on Saturday night, June 19th, commencing at 8.30. Mason's "Purple and White" orchestra will be in attendance. Everybody welcome.

Mrs. Conquest, organizer of the Red Cross Society, from Calgary, was the guest of the Rev. H. Laurence Nobbs at the rectory, Coleman, over the week end. On Sunday morning she gave an interesting address in the United church, Blairmore, and has also addressed meetings at Hillcrest and Coleman over the week end.

At a meeting of the Quarterly Official Board of the United Church on Sunday night last, the question of purchasing a new organ was gone into thoroughly with the members of the choir, and it was decided to buy a new instrument through a Lethbridge firm. The new organ will likely be in place within the next two weeks.

Some important changes were made in the election law in Ontario lately. The length of time a person has to be domiciled in a constituency is reduced from three to two months; polling booths will be kept open till 7 o'clock instead of six; if a candidate decides to retire after the ballots are printed the clerk of the peace is to be notified and a notice must be posted up in the polling booths.

Since the time of Adam, a chicken and a garden have caused man much trouble.

John Angus McDonald left Wednesday morning to spend a brief holiday at Fernie.

Six special constables have been appointed to handle juvenile delinquency at Cardston.

The entire province has experienced soaking rains during the week and prospects for crops are bright.

"Bob" Patterson, ex-M.L.A., has been nominated Conservative standard-bearer for Macleod riding.

Another reason Solomon was wise — he married all of them and thus avoided 1000 breach of promise suits.

Jack Patterson and family returned home on Friday evening from a motor trip through southeastern British Columbia.

Owing to prohibition in the United States, we have decided not to attend the great Eucharistic congress, much as we would like to.

The Basano Mail remarks: "We have a Benjamin and a Joseph running in Bow Valley, but no discernable trace of the Lost Ten Tribes."

Sam Coley met with an accident at the International mine, Coleman, on Monday, having several ribs broken owing to coal falling from his working place.

John Kerr, the Conservative candidate for Rocky Mountain, will address a meeting at Landbeck tomorrow night. Watch for announcements of further meetings.

Remember the garden social and sale to be held on the grounds adjoining Mrs. Green's residence on Wednesday afternoon next by the ladies of St. Anne's church.

George Cruickshank and party, who had been attending the big Masonic do at Banff, returned home to Hillcrest on Friday evening, coming by way of the Banff-Windermere.

A butcher walking down the street passed a dairy and read this sign: "Milk from Contented Cows." He was impressed with the idea and decided to adopt it to his line of business. The following morning this sign appeared in his window: "Sauces from Hogs that Died Happy."

Arthur M. Densmore, the Liberal candidate, has been in the district lining up for the campaign. Arthur feels that he is entitled to a good popular vote, and the average person feels like remarking when they see him manipulate the crutches that he should receive ninety-nine per cent of the sympathetic vote.

The dance staged at the Greenhill Grill on Friday night last by the Purple and White Orchestra was an unqualified success. The sixty-odd couples in attendance enjoyed immensely the splendid accompaniment by this new musical aggregation and look forward to further events of the kind.

C. G. Coote, Progressive member for Macleod federal riding, has a novel scheme to cure long distance oratory. Mr. Coote's idea is that the house should have a timekeeper. The timekeeper will take time of each speaker. When a member has spoken a total of three hours, the timekeeper will give his name to the officer presiding.

GARDEN SOCIAL AND SALE

The ladies of St. Anne's Church will hold a garden social and sale of home cooking on the grounds adjoining Mrs. Green's residence, on Wednesday, June 23rd, beginning at 2.30 p.m. Everybody welcome. [20,17-4]

Nowadays, to ensure a candidate's election, sling all the mud you can at him.

See our stores for Saturday Special reductions on all products—P. Burns & Co. Ltd.

Messrs. Thael and Stringer, of Lethbridge, were visitors to The Pass on Saturday.

A boom would not be so bad if it didn't make burns out of the ones that it don't make prosperous.

Town of Blairmore assessment notices are out. The school district notices will appear in a few days.

Hillcrest and Bellevue high schools were inspected by Inspector J. A. Smith on Friday and Saturday last.

Mrs. K. K. Goode, formerly of Crows' Nest, but now residing in Spokane, is visiting friends in The Pass this week.

Robert Johnson was found not guilty of murder in Calgary on Tuesday. Johnson was charged with the murder of Joseph Harold Brown.

A big feature of the Saturday evening miners' picnic here will be a football match between the Lethbridge Miners and Hillcrest. Kick-off at 8.30.

Police officers at Cardston are having a whale of a time escorting girls of sixteen and under from the dance halls and other public places to their homes after 9 p.m.

The Red Deer school board have offered increased salaries to their staff of teachers in order to hold on to them rather than have the school suffer through change of staff.

Mr. G. E. Buckham, grand master of the exchequer, Grand Lodge Knights of Pythias, was down from Calgary on Friday last to assist in the big initiation ceremony here.

Mr. and Mrs. Bradley, junior, of Lethbridge, have taken up residence in Mr. Lornie's house. Mr. Bradley is connected with the provincial government's roads engineering staff.

The fishing season opened on Tuesday and large numbers of waltions have since been whipping the waters of local streams. Fish stories have not yet had time to outgrow the fish.

Calgary will send a football challenge team to Coleman on July 1st, and Coleman promises the biggest field day ever held there. Blairmore decided not to stage anything in opposition on that day, and to as far as possible co-operate with our neighboring town and patronize their sports.

In our rush last press day, our paper came out dated May 10th, instead of June 10th. We were evidently trying to be a month behind. We had nothing on the Calgary Albertan at that, for their issue of Thursday, June 10th, was dated July 10th.

An example of what grit, determination and brains can accomplish is found in the achievement of William R. Watson, of Edmonton. Deprived of the use of his hands and arms, and forced to do his own writing with his toes, he received the degree of bachelor of arts from the University of Alberta at the recent convocation at Edmonton.

Fears for the safety of the crew of the schooner Morrissey, on which the American Museum of Natural History, Greenland expedition, was to sail early in June, were expressed on May 27th by the director of the expedition. The Morrissey left Briggs, Newfoundland, on May 11th, under command of Captain Robert A. Bartlett, famous ice navigator who was skipper of vessels for Admiral Peary on his polar expeditions.

Phone 204 - Blairmore

TAX RECOVERY ACT

VILLAGE OF FRANK

NOTICE IS HEREBY GIVEN that if all arrears of taxes imposed in respect of any parcel of land situated within the Village of Frank are not paid on or before the First Day of July next, such land will be dealt with under the provisions of the Tax Recovery Act, 1922, with a view to obtaining certificate of title in the name of the Village in respect of such parcel.

I, WILSON, Secretary-Treasurer.

In Loving Memory

of
My Dear Husband,
ISAAC SMITH STEPHENSON,
who died on June 16th, 1923.

"He had a nature you couldn't help loving,
And a heart that was purer than gold;
And to those who knew him and loved him,
His memory will never grow old."
—Inserted by his Wife and Children.

The local Elks will observe Sunday, June 27th, as Decoration Day.

NO OTHER FOOD HAS THE NOURISHMENT OF BREAD

No other food at any price can compare with Bread—

In sustaining and up-building qualities.

A loaf of good Bread is food and tonic in one.

In itself it contains all the essential food elements—food for bone, food for muscle, food for brain.

Bread is your Best Food—Eat more of it.

MOTHER'S BREAD

—In always pure.
